SUMMARY

UI/UX designer and front-end developer with 8+ months of internship experience across product, mobile, and web platforms. Screens delivered at Godamwale are live in production. Proven ability to translate complex workflows into high-fidelity Figma prototypes, with a development background that enables direct design-to-code handoff with engineering teams.

TECHNICAL SKILLS

UX Design: User Research, User Flows, Wireframing, Usability Testing, Journey Mapping, Information Architecture
UI & Prototyping: Figma (High-Fidelity Prototypes, Components, Auto Layout), Micro-interactions, Design Systems, Typography, Color Theory
Front-End Development: HTML, CSS, JavaScript, Python, WordPress
Tools: Git, Canva, Notion

EXPERIENCE

UX Designer Intern

Feb 2026 – Apr 2026

Godamwale

Mumbai, India

- Audited end-to-end warehouse operator workflows; identified 5+ friction points that directly informed a full dashboard redesign delivered screens are live on the production website.
- Delivered structured user flows, wireframes, and interactive Figma prototypes across 3 core product modules.
- Collaborated with product and engineering teams through 2 rounds of usability iteration, improving task clarity and navigation efficiency.

UI/UX Design Intern

Jun 2025 – Nov 2025

AD Web Technology

Mumbai, India

- Designed high-fidelity mobile and web interfaces for a pre-launch vehicle service and emergency assistance startup.
- Built a reusable Figma component library of 20+ UI elements, standardising design language and accelerating handoff to the engineering team.
- Mapped and designed end-to-end user flows for 4 key journeys: onboarding, service booking, emergency SOS, and dashboard.

PROJECTS

MSRTC Website Redesign | Figma, UX Research, UI Design | Case study on portfolio

- Redesigned the Maharashtra state transport booking portal, reducing the primary booking flow from 7 steps to 4 through restructured navigation and simplified form architecture.
- Conducted competitive analysis across 3 transport platforms to identify usability benchmarks and accessibility gaps.

Animal Rescue UI | Figma, Mobile & Web Design

- Designed responsive mobile and web UI for an NGO animal distress reporting tool – streamlined report submission to photo, location, and animal detail in a single flow.

Blood Bond | HTML, CSS, JavaScript | Deployed

- Built and deployed a responsive web platform connecting human and pet blood donors with recipients, featuring secure login and an accessible interface.

EDUCATION

Shah & Anchor Kutchhi Engineering College

Nov 2022 – Present

B.Tech in Electronics & Computer Science | CGPA: 9.17/10 (up to Semester 7)

Vidya Niketan Junior College

Mar 2022

HSC – Science (Grade 11 & 12)

Trinity International School

May 2020

IGCSE (Grade 10)

ACHIEVEMENTS & ACTIVITIES

- **1st Place** – SAKEC Creathon, Project Competition (2025) | **1st Place** – TechExpo, Pillai HOC, Poster Presentation (2026)
- **2nd Place** – Avishkar, FCRIIT, Project Competition (2026) | Participant – Smart India Hackathon and national ideathons
- Creativity Coordinator – Student Council | Chairperson – Kalavrunda Art Club

CERTIFICATIONS

- HTML – Infosys Springboard | Python – Cuddy Team | Networking & Cybersecurity – Cisco | WordPress – Coursera
